(3) Subject to tbe provisions of this section, the department shall create a new design for number plates as provided in this section.

A genuine grower declaration of variety is considered an affirmation that the grower holds records of proof regarding parent seed, such as invoices and labels.

Section 15. Arbitration study. During the 1999-2000 interim, the department of agriculture shall conduct a study of the concept of arbitration as it applies to the seed industry. With input from the industry, the department shall investigate the feasibility of a department-sponsored arbitration program to assist in settling damage claims between seed buyers and seed sellers and report to the legislature regarding the results of the study. If an arbitration program is determined to be feasible, the department shall make recommendations to the 57th legislature regarding any legislation necessary to implement the arbitration concept. The study report and legislative recommendations, if any, must be presented to the legislature by September 1, 2000.

a. Minimum flow rights set forth in Article II.A.3. may be satisfied through cooperative agreements entered into by the FWS and any person holding a water right with a point of diversion on Red Rock, Tom or Odell Creeks or their tributaries upstream of the Refuge. 2. The United States, the State, or a holder of a water right recognized under state law, may petition a state or federal court of competent jurisdiction for relief when a controversy arises between the United States' reserved water rights described hy this Compact, and a holder of a water right recognized under state law. The federal water rights described in this Compact need not be applied to a use deemed beneficial under state law, but shall be restricted to uses necessary to fulfill the purposes of the Refuge.

E. **Change in Use:**

The costs of the improvement may include the costs of issuance of any bonds issued to finance the improvement and any reserve securing payment of the bonds.

(2) The board of directors shall by resolution levy and assess upon all property in the district benefited by the improvement, by using for a basis for the assessment the method or methods provided for in 7-12-2151.

(2) The notice must state the time and place in which objections to the final adoption of the resolution will be heard by the board of directors. The time for the hearing may not be less than 5 days after the second publication or less than 10 days after the mailing of the notice.

(3) At any time within 30 days after the date of the first publication of the notice of proposed assessments, any owner of property to be assessed for the costs of making the improvements may make written protest against the levy of assessments. The protest must be in writing, identify the property in the district owned by the protestor, and be signed by all owners of the property. Section 5. Collection of assessments by eounty treasurer — delinquencies. (1) When any resolution of assessment has been certified by the secretary and the county clerk and recorder, it is the duty of the county treasurer in the county in which the lot, tract, or parcel is located, in accordance with the provisions of this title, to collect the assessment in the same manner and at the same time as taxes for general and municipal purposes are collected.

(2) When the payment of an installment of a special assessment becomes delinquent, all payments of subsequent installments of the special assessment may, at the option of the board of directors and upon adoption of the appropriate resolutions, become delinquent. Upon delinquency in one or all installments, the whole property must be sold the same as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method

HeinOnline -- 1999 vol. II 1329 1999

authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent.

Section 6. Payment of asscssment under protest — action to recover. (1) When any special assessment levied and assessed under any of the provisions of this part is considered unlawful by the party whose property is assessed, the person may pay the assessment or any part of the assessment considered unlawful under protest to the county treasurer.

(2) After the payment, the party or the party's legal representative may bring an action in any court of competent jurisdiction against the officer to whom the assessment was paid or against the district on whose behalf the assessment was collected to recover the assessment or any portion of the assessment paid under protest. Any action instituted to recover the assessment paid under protest must be commenced within 60 days after the date of payment.

(3) The assessment paid under protest must be held by the county treasurer until the determination of any action brought for the recovery of the assessment.

Section 7. Procedure to correct assessment and to relevy. (1) Whenever, by reason of any alleged nonconformity to law or by reason of any omission or irregularity, any special assessment is either invalid or its validity is questioned, the board of directors may make all necessary orders and may take all necessary steps to correct, reassess, and relevy the assessment, including the ordering of the improvement, with the same force and effect as if made at the time provided by the law or resolution relating to the assessment. The board may reassess and relevy the assessment or tax with the same force and effect as an original levy.

(2) Any special assessment, upon reassessment or relevy, must, so far as practicable, be levied and collected the same as it would have been if the first levy had been enforced. Any provision of any law specifying a time when or order in which acts must be done in a proceeding that may result in a special assessment is subject to the qualifications of this part.

(3) Whenever any assessment is made and any property is assessed too little or too much, the assessment may be corrected and reassessed for the additional amount that is proper or the assessment may be reduced, even to the extent of refunding the assessment collected.

Section 8. Certain errors not to invalidate asscssments or liens. (1) When, under any of the provisions of this part, special assessments are assessed against any lot or parcel of land as the property of a particular person, a misnomer of the owner or supposed owner or other mistake relating to the ownership of the land may not affect the assessment or render it void or voidable.

(2) Any mistake in the description of property or the name of the owner may not vitiate any liens created by this part unless it is impossible to identify the property from tbe description.

Scction 9. Term of payment of assessments. (1) The payment of the assessment to defray the cost of constructing any improvement may be spread over a term not to exceed 40 years.

(2) The assessments are payable in equal semiannual installments of principal, with interest on the unpaid installments, or, if the board of directors prescribes in the resolution levying the assessments, in equal semiannual installments of principal and interest, each in the amount required to pay the

HeinOnline -- 1999 vol. II 1330 1999

principal over the term of payment, with interest at the rate then borne by the assessment.

(3) Any assessment that is not delinquent may be prepaid, in whole but not in part, at any time after the assessment is levied, by the payment of the assessment, with interest accrued and to accrue on the assessment through the next date on which an installment of tbe assessment is otherwise payable.

Seetion 10. Interest rate on unpaid assessments. The installments of assessments remaining unpaid bear simple interest at an annual rate equal to:

(1) the sum of:

(a) the average interest rate payable on the outstanding bonds issued to finance the improvement in respect of which the special assessments are levied; plus

(b) additional interest at a rate to be determined by the board of directors, not exceeding 2% a year; or

(2) if bonds are not issued to finance the improvements, at an interest rate to be determined by the board of directors, but not to exceed 10% a year.

Section 11. Assessments and certain othcr chargcs as liens. Any special assessment made and levied to defray the cost and expenses of any improvement, together with any amounts imposed for delinquency and for cost of collection, constitutes a lien upon and against the property upon which the assessment is made and levied from and after the date of the passage of tbe resolution levying the assessment. This lien can be extinguished only by payment of the assessment, with all penalties, costs, and interest.

Section 12. Section 7-13-2301, MCA, is amended to read:

"7-13-2301. Estahlishment of charges for services — payment of charges. (1) The board of directors shall fix all water and sewer rates and shall, through the general manager, collect the sewer charges and the charges for the sale and distrihution of water to all users.

(2) The board, in furnishing water, sewer service, other services, and facilities, shall review, at least once every 2 years, and from time to time fix the rate, fee, toll, rent, or other charge for the services, facilities, and benefits directly afforded by the facilities, taking into account services provided and direct benefits received, that will be sufficient in eacb year to provide income and revenue adequate, *with the collections of any special assessments levied pursuant to [sections 2 through 11] and appropriated,* for:

(a) the payment of the reasonable expense of operation and maintenance of the facilities;

(b) administration of tbe district;

(c) the payment of principal and interest on any bonded or other indebtedness of the district; and

(d) the establishment or maintenance of any required reserves, including reserves needed for expenditures for depreciation and replacement of facilities, as may be determined necessary from time to time by the board or as covenanted in the ordinance or resolution authorizing the outstanding bonds of the district.

(3) A person or entity may not use any facility without paying tbe rate established for the facility. In the event of nonpayment, the board may order the

HeinOnline -- 1999 vol. II 1331 1999

discontinuance of water or sewer service, or both, to the property and may require that all delinquent charges, interest, penalties, and deposits be paid before restoration of the service.

(4) (a) If the board has ordered discontinuance of service as provided in subsection (3) and the person or entity who received the service has not made full payment of all delinquent charges, interest, penalties, and deposits, then a district may elect to have its delinquent charges for water or sewer services collected as a tax against the property by following the procedures of tbis subsection (4). If a charge for services is due and payable in a fiscal year and is not paid by the end of the fiscal year, the general manager shall, by July 15 of the succeeding fiscal year, give notice to the owners of the property to which the service was provided. The notice must be in writing and:

(i) must specify the charges owed, including any interest and penalty;

(ii) must specify that the amount due must be paid by August 15 or it will be levied as a tax against the property;

(iii) must state that the district may institute suit in any court of competent jurisdiction to recover the amount due; and

(iv) may be served on the owner personally or by letter addressed to the post-office address of the owner as recorded in the county assessor's office.

(b) On September 1 of each year, the general manager shall certify and file with the county assessor a list of all property, including legal descriptions, on which arrearages remain unpaid. The list must include the amount of each arrearage, including interest and penalty. The county assessor shall assess the amount owed as a tax against each lot or parcel with an arrearage. If the property on which arrearages remain unpaid contains a mobile home, the amount owed must be assessed as a tax against the owner of the mobile home. If the mobile home for which arrearages remain unpaid is no longer on the property, the amount owed must be assessed as a tax against the property.

(5) In addition to collecting delinquent charges in the same manner as a tax, a district may bring suit in any court of competent jurisdiction to collect amounts due as a debt owed to the district.

(6) Notwithstanding any other section of part 22 or this part or any limitation imposed in part 22 or this part, when the board has applied for and received from the federal government any money for the construction, operation, and maintenance of facilities, the board may adopt a system of charges and rates to require that each recipient of facility services pays its proportionate share of the costs of operation, maintenance, and replacement and may require industrial users of facilities to pay the portion of the cost of construction of the facilities that is allocable te the treatment of that industrial user's wastes."

Under Montana's laws, those who work on your property or provide materials and are not paid have a right to enforce their claim for payment against your property. This claim is known as a construction lien.

If your contractor fails to pay subcontractors or material suppliers or neglects to make other legally required payments, the people who are owed money may look to your property for payment, even if you have paid your contractor in full.

The law states that all people hired by a contractor to provide you with services or materials are required to give you a notice of the right to claim a lien to let you know what they have provided.

WAYS TO PROTECT YOURSELF ARE:

— RECOGNIZE that this notice of delivery of services or materials may result in a lien against your property unless all those supplying a notice of the right to lien have been paid.

— LEARN more ahout the construction lien laws and the meaning of this notice by contacting an attorney or the firm sending this notice.

— WHEN PAYING your contractor for services or materials, you may make checks payable jointly to the contractor and the firm furnishing services or materials for which you have received a notice of the right to claim a lien.

HeinOnline -- 1999 vol. II 1348 1999

— OBTAIN EVIDENCE that all firms from whom you have received a notice of the right to claim a lien have been paid or have waived the right to claim a lien against your property.

[HB 396]

AN ACT REGULATING OPERATORS OF AMUSEMENT RIDES; DESCRIBING THE RESPONSIBILITIES OF PASSENGERS AND OPERATORS OF AMUSEMENT RIDES; AND PROVIDING FOR INJURY REPORTS BY PASSENGERS.

HeinOnline -- 1999 vol. II 1378 1999

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The legislature finds that:

(1) amusement rides are used by a large number of Montana's citizens and attract a large number of nonresidents, significantly contributing to Montana's tourism industry and tax base;

(2) the safety of the public using amusement rides is an important matter of public policy;

(3) there are inherent risks associated with the machinery, equipment, or animals that are impracticable or impossible for an amusement ride owner or operator to eliminate with all reasonable safety precautions;

(4) an informed patron is in the best position to avoid risks inherent to amusement rides; and

(5) the safety of amusement rides will be greatly improved at minimal cost if riders are subject to minimum safety standards for their own protection and the protection of others.

Section 2. Definitions. As used in [sections 1 through 5], the following definitions apply:

(1) "Amusement ride" or "ride" means a movable, portable, or nonpermanent structure that features or employs a mechanical, aquatic, or other device or attraction that carries passengers over a fixed or restricted route or that operates in a fixed or restricted area, primarily for the passengers' amusement. This definition applies to amusement rides that are set up and operate in any location in Montana for not more than 30 days.

(2) "Operator" means a person, business, or other entity that owns, leases, manages, or operates amusement rides.

(3) "Passenger" means a person:

(a) waiting in the immediate vicinity of an amusement ride to board the ride;

(b) entering or boarding an amusement ride;

(c) using an amusement ride;

(d) getting off or exiting from an amusement ride; or

(e) leaving the immediate vicinity of an amusement ride after getting off or exiting the ride.

Section 3. Operator's responsibilities. An operator shall:

(1) exercise reasonable care in constructing, erecting, maintaining, operating, and supervising amusement rides to ensure the safety of passengers;

(2) ensure that there is an adequately staffed first-aid station and a location for reporting injuries and accidents. For the purposes of this section, one adequately staffed first-aid station and a single location for reporting injuries and accidents on a site where multiple operators are grouped in a fair or carnival formation are sufficient.

(3) ensure that when supervising or operating a ride, the operator or an employee of the operator is not under the influence of alcohol or drugs; and

(4) post in a conspicuous place on the amusement ride grounds an easily readable sign that lists the passenger and operator responsibilities and

HeinOnline -- 1999 vol. II 1379 1999

prohibitions contained in [section 4] and this section, as well as additional language or another sign near the entrance to each ride that includes:

(a) operational instructions, if any;

(b) safety guidelines for the ride, if any;

(c) restrictions on the use of the amusement ride, if any;

(d) behavior or activities that are prohibited, if any; and

(e) the following statement: "State law requires riders and passengers to obey all warnings and directions for this ride and behave in a manner that will not cause or contribute to injury to themselves or others. Riders must report injuries before leaving the premises".

Section 4. Passenger responsibilities and prohibitions. (1) A passenger may not:

(a) enter or exit an amusement ride except at a time and place, if any, designated by an operator or employee and in the manner and under the supervision of an operator or employee;

(b) throw or drop an object from or in the direction of an amusement ride;

(c) fail or refuse to comply with the instructions of an operator or employee operating or supervising an amusement ride;

(d) act in a manner that could interfere with the safe operation of an amusement ride or with the safety of a passenger;

(e) disable or attempt to disable any safety or restraining device;

(f) alter or enhance the designed speed, course, or direction of an amusement ride;

(g) operate or attempt to operate amusement ride controls designed to be operated only by the operator or employee operating the ride; or

(h) use an amusement ride when under the influence of alcohol or drugs to the point that the ability of the passenger to safely use the ride is diminished. An operator or employee may prohibit a person from using or continuing a ride if the operator or employee reasonably believes that the person is under the influence of alcohol or drugs to the point that the person's ability to safely use or continue the ride is diminished.

(2) A passenger shall follow warnings and other information posted by or orally given to the passenger by an operator or employee.

Section 5. Injury reports. (1) (a) A passenger who is injured on or by an amusement ride is encouraged to report the injury to the operator before leaving the amusement ride premises. The passenger shall if possible, not later than 6 months after the injury, report the injury to the operator or to the owner of the premises where the amusement ride was located at the time of the injury. The report must include:

(i) the passenger's name, address, and telephone number;

[HB 399]

AN ACT PROHIBITING THE PRACTICE OF TELEMEDICINE WITHOUT A TELEMEDICINE CERTIFICATE ISSUED BY THE BOARD OF MEDICAL EXAMINERS; PROVIDING LEGISLATIVE FINDINGS; PROVIDING A DEFINITION AND EXCEPTIONS; PROVIDING QUALIFICATIONS FOR A TELEMEDICINE CERTIFICATE; SPECIFYING POWERS AND DUTIES OF THE BOARD; PROVIDING FOR DISCIPLINARY ACTION BY THE BOARD; ESTABLISHING JURISDICTION FOR THE MEDICAL LEGAL PANEL AND THE COURTS; AMENDING SECTION 37-3-301, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings. The Montana legislature previously found, in 37-3-101, that the practice of medicine in Montana is a privilege, not a natural right, and that the regulation of the practice of medicine is necessary to ensure the health, happiness, safety, and welfare of the people of Montana. The legislature now finds that because of technological advances and changing patterns of medical practice, medicine is increasingly being practiced by electronic means across state lines. Altbougb access to tecbnological advances is in the public interest, the legislature also finds that regulation of the practice of medicine across state lines is necessary to protect the public against the unprofessional, improper, unauthorized, and unqualified practice of medicine. Accordingly, the legislature finds that physicians outside the boundaries of Montana who enter tbe state by electronic or other technological means to practice medicine for compensation on patients inside Montana are seeking the benefit and protection of the laws of Montana and are subject to the licensure and regulatory requirements provided in [sections 1 through 9].

Section 2. Definition — scope of practice allowed by telemedicine certificate. (1) As used in [sections 1 tbrough 9] and 37-3-301, "telemedicine"

means the practice of medicine, as defined in 37-3-102, by a physician located outside the state who performs an evaluative or therapeutic act relating to the treatment or correction of a patient's physical or mental condition, ailment, disease, injury, or infirmity and who transmits that evaluative or therapeutic act into Montana through any means, method, device, or instrumentality under the following conditions:

(a) The information or opinion is provided for compensation or with the expectation of compensation.

(b) The physician does not limit the physician's services to an occasional case.

(c) The physician has an established or regularly used connection with the state, including but not limited to:

(i) an office or another place for the reception of a transmission from the physician;

(ii) a contractual relationship with a person or entity in Montana related to the physician's practice of medicine; or

(iii) privileges in a Montana hospital or another Montana health care facility, as defined in 50-5-101.

(2) As used in [sections 1 through 9] and 37-3-301, telemedicine does not mean:

(a) an act or practice that is exempt from licensure under 37-3-103;

(b) an informal consultation, made without compensation or expectation of compensation, between an out-of-state physician and a physician or other health care provider located in Montana;

(c) the transfer of patient records, independent of any other medical service and without compensation;

(d) communication about a Montana patient with the patient's physician or other health care provider who practices in Montana, in lieu of direct communication with the Montana patient or the patient's legal representative;

(e) diagnosis of a medical condition by a physician located outside the state, based upon an x-ray, cardiogram, pap smear, or other specimen sent for evaluation to the physician outside the state by a health care provider in Montana; or

(f) a communication from a physician located outside Montana to a patient in Montana in collaboration with a physician or other health care provider licensed to practice medicine in Montana.

The reductions do not entitle claimants to retroactive reimbursements in the future."

Section 10. Section 39-71-517, MCA, is amended to read:

"39-71-517. Requirement to serve papers. (b) The request or order for an examination must fix a time and place for the examination, with regard for the employee's convenience, physical condition, and ability to attend at the time and place that is as close to the employee's residence as is practical. An examination that is conducted by a physician, psychologist, or panel licensed in another state is not precluded under this section. The employee is entitled to have a physician present at any examination. If the employee, after written request, fails or refuses to submit to the examination or in any way obstructs the examination, the employee's right to compensation must be suspended and is subject to the provisions of 39-71-607. Any physician, psychologist, or panel employed by the insurer or the department who makes or is present at any examination may be required to testify as to the results of the examination.

The physician, psychologist, or panel making the examination shall file a written report of findings with the claimant and insurer for their use in the determination of the controversy involved. The requesting party shall pay the physician, psychologist, or panel for the examination.

(3) As used in this section, a panel includes a *practitioner having substantial experience in the field of medicine concerned with the matters presented by the dispute and whose licensure would qualify the practitioner to act as a* treating physician, as defined in 39-71-116, and may include a psychologist.

(4) A claimant is required, upon a written request of an insurer, to submit to a functional capacities evaluation conducted by a licensed physical therapist.

(5) This section does not apply to impairment evaluations provided for in 39-71-711."

The total assessment amount collected must be allocated among plan No. 1 employers, plan No. 2 ~~insured employers~~ *insurers*, and plan No. 3, the state fund, based on paid losses for the calendar year preceding the year in which the assessment is collected. The board of investments shall invest the money of the fund, and the investment income must be deposited in the fund.

The total of this assessment must be stated as a separate cost on an insured employer's policy or on a separate document submitted by the insured employer and must be identified as "workers' compensation ~~policyholder~~ *subsequent injury fund* surcharge". Each assessment must be shown as a percentage of the total workers' compensation policyholder premium. ~~The~~ *This* premium surcharge must be collected at the same time and in the same manner that the premium for the coverage is collected. The premium surcharge must be excluded from tbe definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes, except that an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. (e) the preservation of wild medicinal plants on state trust land has sufficient value to present and future education to meet the state's obligation for the disposition and utilization of trust lands as specified in the Enabling Act; and

(f) a moratorium on the harvest of wild medicinal plants on state lands provides the time to acquire necessary technical information to recommend policy and benefits all Montanans by raising public awareness of wild medicinal plants and their importance and value, by ensuring the viability of wild medicinal plant populations on state lands, and by preventing erosion and enhancing conservation efforts.

The certificate must be signed by an authorized agent of the importer of foreign made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor's certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured vehicles or by an authorized agent of the manufacturer or importer of foreign made vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical with the filed blanket agreement and that ~~he~~ *the franchisee* has filed with the department one ~~such~~ agreement together with a list of franchised dealers or distributors.

"61-4-205. Limitations on eancellation and termination. (1) Notwithstanding the terms, provisions, or conditions of any agreement or franchise, a franchisor may not cancel, terminate, or refuse to continue a franchise unless the franchisor has cause for termination or noncontinuance.

(2) A franchisor may not enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is geod cause for an additional new motor vehicle dealership under a franchise and ~~that~~ it is in the public interest.

(3) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 60 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. This section does not apply to an intended termination or noncontinuance of a franchise that the franchisee elects voluntarily, pursuant to a plan established by a franchisor, to submit to binding arbitration.

(4) Upon receiving a notice of intention under the provisions of subsection (3), the department shall, within 5 days of receipt of a notice of intention, send by certified mail, with return receipt requested, a copy of the notice to the franchisor and to the franchisee whose franchise the franchisor seeks to establish, terminate, or not continue. If the notice states an intent to estahlish an additional new motor vehicle dealership, a copy of the notice must be sent within 5 days of receipt to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. franchisor's notice to any other parties whom the department may consider interested persons.

(5) In instances where the change in ownership has the effect of the sale of the franchise, the franchisor may not without good cause withhold its consent to the sale. Good cause relates only to the transferee's financial and managerial capabilities or to the inability of the transferee to comply with a state or federal law relating to new motor vehicle dealerships. The burden of establishing good cause is upon the franchisor.

(6) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer to the dealer's or wholesaler's spouse, son, or daughter, the franchisor shall give effect to the sale or transfer of ownership in the franchise unless the transfer of the franchisee's new motor vehicle dealer's or wholesaler's license is denied or the new owner is unable to obtain a license under the laws of this state.

(7) If a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional new motor vehicle dealership in a community where the same line-make is then represented, without first complying with the provisions of this part, a license under *Title 23 or* 61-4-101 through 61-4-105 may not be issued to that franchisee or proposed franchisee to engage in the business of selling new motor vehicles manufactured or distributed by that franchisor."

(5) For the purposes of this section:

(b) The percentage determined in subsection (6)(a), adjusted to take into account the limitations contained in subsection (8), must be used as the adjusted percentage multiplier described in subsection (6)(c) to determine the amount of each taxpayer's refund. (b) (i) If a taxpayer files an amended return or if the department reviews a taxpayer's return and recalculates the tax due to the state, the department shall recalculate the refund due to the taxpayer under this section.

(ii) If the department's recalculation determines that the taxpayer has an increased tax liability for tax year 1994 and should receive an additional refund under this section as a result of increased 1994 liability, the department shall credit the additional amount of refund under this section to the amount of additional tax due from the taxpayer.

(iii) If the amount of the recalculated refund due to the taxpayer exceeds the amount of additional tax due from the taxpayer, the department shall pay the excess amount to the taxpayer, hut only if the amount of the refund exceeds $10.

(iv) If, as the result of the taxpayer filing an amended return or of a review by the department, a taxpayer's original 1994 tax liability is decreased, any overpayment of the refund calculated by the department based on the original tax liahility must be credited against any refund due to the taxpayer.

(8) A refund paid to a taxpayer pursuant to this section may not exceed $1,000. The department may not issue a refund under this section if the amount of the refund is $10 or less.

(9) Refunds may not be made under this section if the total amount available for refund as determined in subsection (3) is less than $10 million.

(11) (a) Notwithstanding the provisions of 15-1-211, any objection concerning the determination of the amount of refund or any other issue relating to the refunds provided in this section must be raised by the taxpayer with the department no later than 30 days after the refund is mailed to the taxpayer.

(b) A district court has no jurisdiction to entertain or consider any issue relating to the determination or payment of a refund made under this section unless the issue was first presented to the department and the taxpayer exhausted all administrative remedies.

~~(12) The amount determined to be available for refund as provided in subsection (3), limited as provided in subsection (9), for the Excess Tax Refund Agreement and such additional funds required to do any subsequently required acts necessary as a result of the approval of this section, including the filing of amended returns or audit adjusted returns, is statutorily appropriated, as provided in 17-7-502, from the general fund to the department of revenue.~~ (Terminates July 1, 2001—sec. 7, Ch. 29, L. 1995.)"

HeinOnline -- 1999 vol. II 1528 1999

"39-51-1213. Classification of employers for experience rating purposes. (1) The department shall for each calendar year classify employers in accordance with their actual experience in the payment of contrihutions and with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year must be determined on the basis of the employer's record as of October 1 of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below:

(a) Each employer is given an "experience factor", which is contributions paid since October 1, 1981, minus benefits charged on each employer's account since Octoher 1, 1981, divided by the employer's average annual taxable payroll rounded to the next lower dollar amount for the 3 fiscal years immediately preceding the computation date. The computation of the "experience factor" must be to six decimal places.

(b) Schedules must be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There must be listed on the schedules for each employer in addition to the experience factor:

(i) the amount of the employer's taxable payroll for the fiscal year ending on the computation date; and

(ii) the cumulative tetal consisting of the sum of the employer's taxable payroll for the fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding that employer on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in 39-51-1218 must be segregatod into groups that will yield approximately the average tax rate according to the tax schedule assigned for that particular taxable year. Each group must be identified by the rate class numher listed in the table that represente the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite that employer's rate class for the tax schedule in effect for the taxahle year.

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of the two rates designated for the two classes in which the halves of that employer's taxahle payroll are required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxahle payroll, the employer is assigned the rate designated for the class in which the greater part of that employer's taxable payroll is required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rato class, all such employers are included in and assigned the contribution rate specified for the class, notwithstanding the provisions of 39-51-1214.

(5) If the taxahle payroll amount, the experience facter, or both of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules that the employer would have occupied had that employer's taxahle payroll amount or experience factor as changed been used in determining that employer's pesition in the first instance. However, the change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years.

HeinOnline -- 1999 vol. II 1529 1999

(6) An employer who has not filed all required payroll reports or paid all taxes, penalties, and interest due by the cutoff date must be assigned a contribution rate in effect for the taxable year for the employer's classification as an eligible, deficit, or new employer, plus an additional assessment of 50% of the employer's assigned contribution rate, rounded to the nearest ~~1/10~~ *1/100* of 1%."

(2) A franchisor may not enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is good cause for an additional new motor vehicle dealership under a franchise and tbat it is in the public interest.

(3) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 60 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. CHAPTER NO. 412

[SB 359]

AN ACT REQUIRING THE CREATION OF A RESERVE FUND FOR PAYMENT OF CERTAIN CLAIMS BY MANUFACTURERS OF TOBACCO PRODUCTS WHO HAVE NOT PREVIOUSLY SETTLED WITH THE STATE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings and purpose. (1) Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes ... ng cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

(2) Cigarette smoking also presents serious financial concerns for the Stato. Under certain health-care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

(3) Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

(4) It is the policy of the State that financial burdens imposed on the Stato by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into a settlement with the State or are found culpable by the courts.

(5) On November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the Stato (tied in part to their volume of sales); to fund a national foundation devoted

HeinOnline -- 1999 vol. II 1609 1999

to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

(6) It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the State to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise.

Section 2. Definitions. (1) "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.

(2) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.

(3) "Allocable share" means Allocable Share as that term is defined in the Master Settlement Agreement.

(4) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains (a) any roll of tobacco wrapped in paper or in any substance not containing tobacco; or (b) tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or (c) any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in clause (a) of this definition. The term "cigarette" includes "roll-your-own" (i.e., any tobacco which, because of its appearance, type, packaging, or labeling is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette."

(5) "Master Settlement Agreement" means the settlement agreement (and related documents) entered into on November 23, 1998 by the State and leading United States tobacco product manufacturers.

(6) "Qualified escrow fund" means an escrow arrangement with a federally or State chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least $1,000,000,000 where such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing or directing the use of the funds' principal except as consistent with [section 3(2)] of this Act.

HeinOnline -- 1999 vol. II 1610 1999

(7) "Released claims" means Released Claims as that term is defined in the Master Settlement Agreement.

(8) "Releasing parties" means Releasing Parties as that term is defined in the Master Settlement Agreement.

(9) "Tobacco Product Manufacturer" means an entity that after the date of enactment of this Act directly (and not exclusively through any affiliate):

(a) manufactures cigarettes anywhere that such manufacturer intends to he sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer (as that term is defined in the Master Settlement Agreement) that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of subsections II(mm) of the Master Settlement Agreement and that pays the taxes specified in suhsection II(z) of the Master Settlement Agreement, and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States);

(b) is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

(c) becomes a successor of an entity described in paragraph (a) or (b).

The term "Tobacco Product Manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of paragraphs (a) - (c) above.

(10) "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs (or "roll-your-own" tobacco containers) bearing the excise tax stamp of the State. The department of revenue sball promulgate such regulations as are necessary to ascertain the amount of State excise tax paid on the cigarettes of such tobacco product manufacturer for each year.

Section 3. Requirements. Any tobacco product manufacturer selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary or intermediaries) after the date of enactment of this Act shall do one of the following:

(1) become a participating manufacturer (as that term is defined in section II(jj) of the Master Settlement Agreement) and generally perform its financial obligations under the Master Settlement Agreement; or

(2) (a) place into a qualified escrow fund by April 15 of the year following the year in question the following amounts (as such amounts are adjusted for inflation) —

1999: $.0094241 per unit sold after the date of enactment of this Act;

2000: $.0104712 per unit sold;

for each of 2001 and 2002: $.0136125 per unit sold;

for each of 2003 through 2006: $.0167539 per unit sold;

for each of 2007 and each year thereafter: $.0188482 per unit sold.

HeinOnline -- 1999 vol. II 1611 1999

(b) A tobacco product manufacturer that places funds into escrow pursuant to paragraph (a) shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances-

(i) to pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the State or any releasing party located or residing in the State. Funds shall be released from escrow under this subparagraph (A) in the order in which they were placed into escrow and (B) only to the extent and at the time necessary to make payments required under such judgment or settlement;

(ii) to the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow in a particular year was greater than the State's allocable share of the total payments that such manufacturer would have been required to make in that year under the Master Settlement Agreement (as determined pursuant to section IX(i)(2) of the Master Settlement Agreement, and before any of the adjustments or offsets described in section IX(i)(3) of that Agreement other than the Inflation Adjustment) had it been a participating manufacturer, the excess shall be released from escrow and revert back to such tobacco product manufacturer; or

(iii) to the extent not released from escrow under subparagraphs (i) or (ii), funds shall be released from escrow and revert back to such tobacco product manufacturer twenty-five years after the date on which they were placed into escrow.

HeinOnline -- 1999 vol. II 1613 1999

THE PARENT'S CONDUCT IS CONTRARY TO A CHILD-PARENT RELATIONSHIP AND THE DETERMINATION SERVES THE BEST INTERESTS OF THE CHILD; AND AMENDING SECTIONS 40-4-211 AND 40-4-221, MCA.

WHEREAS, it is undisputed that parents have a fundamental right to autonomy in child-rearing decisions; and

WHEREAS, the United States Supreme Court has long recognized a constitutionally protected interest of parents to raise their children without state interference; and

WHEREAS, the liberty interest guaranteed by the 14th amendment to the United States Constitution includes freedom to engage in any of the common occupations of life, to acquire useful knowledge, to marry, to establish a home, and to bring up children; and

WHEREAS, the freedom of personal choice in matters of family life is a fundamental liberty interest protected by the 14th amendment to the United States Constitution; and

WHEREAS, the integrity of the family unit has found protection in the due process clause of the 14th amendment, the equal protection clause of the 14th amendment, and the 9th amendment; and

WHEREAS, the Montana Supreme Court has recognized the constitutionally protected rights of natural parents to parent their children; and

WHEREAS, the Montana Legislature recognizes that the careful protection of parental rights is not merely a matter of legislative grace but is constitutionally required; and

WHEREAS, the Montana Constitution recognizes the constitutional rights of children; and

WHEREAS, Article II, section 15, of the Montana Constitution provides that the rights of persons under 18 years of age shall include but not be limited to all the fundamental rights of Article II, unless specifically precluded by law which enhances the protection of the persons; and

WHEREAS, these fundamental rights include but are not limited to freedom; pursuing life's basic necessities, enjoying and defending life and liberty, and seeking safety, health, and happiness in lawful ways and the rights of individual dignity and privacy; and

WHEREAS, the Legislature finds that there are times when the rights of parents must be balanced against the rights of children; and

WHEREAS, the Legislature further finds that the courts need direction and authority to consider the best interests of children in parenting and visitation matters; and

WHEREAS, the Legislature finds it is appropriate to establish standards and direction for resolving these issues.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-211, MCA, is amended to read:

"40-4-211. Jurisdiction — commencement of parenting proceedings. (1) A court of this state competent to decide parenting matters has jurisdiction to make a parenting determination by initial or amended decree if:

HeinOnline -- 1999 vol. II 1614 1999

(a) this state:

(i) is the home state of the child at the time of commencement of the proceedings; or

(ii) had been the child's home state within 6 months before commencement of the proceedings and the child is absent from this state because of the child's removal or retention by any person and a parent or person acting as parent continues to live in this state; or

(b) it is in the best interest of the child that a court of this state assume jurisdiction because:

(i) the child and the parents or the child and at least one contestant have a significant connection with this state; and

(ii) there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships; or

(c) the child is physically present in this state and:

(i) has been abandoned; or

(ii) it is necessary in an emergency to protect the child because the child has been subjected to or threatened with mistreatment or abuse or is neglected or dependent; or

(d) (i) no other state has jurisdiction under prerequisites substantially in accordance with subsection (1)(a), (1)(b), or (1)(c) or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine parenting of the child; and

(ii) it is in the child's best interest that the court assume jurisdiction.

(2) Except under subsections (1)(c) and (1)(d), physical presence in this state of the child or of the child and one of the contestants is not alone sufficient to confer jurisdiction on a court of this state to make a parenting determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction te determine parenting of the child.

(4) A parenting plan proceeding is commenced in the district court:

(a) by a parent, by filing a petition:

(i) for dissolution or legal separation; or

(ii) for parenting in the county in which the child is permanently resident or found; or

(b) by a person other than a parent *if the person has established a child-parent relationship with the child*, by filing a petition for parenting in the county in which the child ~~is permanently resident~~ *resides* or *is* found~~, but only if the child is not physically residing with one of the child's parents~~.

(5) Notice of a parenting proceeding must be given to the child's parent, guardian, caretaker, those persons with whom the child is physically residing, and all other contestants, who may appear, be heard, and file a responsive pleading. The court, upon a showing of good cause, may permit intervention of other interested parties.

(6) For purposes of subsection (4)(b), "child-parent relationship" means a relationship that exists or did exist, in whole or in part, preceding the filing of an action under this section, in which a person provides or provided for the physical

HeinOnline -- 1999 vol. II 1615 1999

needs of a child by supplying food, shelter, and clothing and provides or provided the child with necessary care, education, and discipline and which relationship continues or existed on a day-to-day basis through interaction, companionship, interplay, and mutuality that fulfill the child's psychological needs for a parent as well as the child's physical needs."

Section 2. Section 40-4-221, MCA, is amended to read:

"**40-4-221. Determination of child's care upon dcath of parent.** (1) Upon the death of a parent, one or more parties named in subsection (2) may request a parenting plan hearing. The surviving parent must be a party in any proceeding brought under this section.

(2) Upon the death of a parent, any of the following parties may request a parenting plan hearing:

(a) the natural parent;

(b) the surviving spouse of tbe deceased parent;

(c) a porson nominated by the will of the deceased parent;

(d) any person nominated by the child if the child is at least 12 years old;

(e) any other person if that person has actual physical control over the child;

(f) a person who has established with the child a child-parent relationship, as defined in 40-4-211(6);

~~(f)~~*(g)* any other party whom, upon showing of good cause, the court permits to intervene as an interested party.

(3) The hearing and determination of a parenting plan is governed by this part."

Section 3. Rights of parents and children — policy — findings. (1) It is the policy of the state of Montana:

(a) to recognize the constitutionally protected rights of parents and the integrity of the family unit;

(b) to recognize a child's constitutionally protected rights, including all fundamental rights unless those rights are specifically precluded hy laws that enhance their protection; and

(c) to ensure that the best interests of the child are met in parenting proceedings.

(2) The legislature finds:

(a) that while it is in the best interests of a child to maintain a relationship with a natural parent, a natural parent's inchoate interest in the child requires constitutional protection only when the parent has demonstrated a timely commitment to the responsibilities of parenthood; and

(b) that a parent's constitutionally protected interest in the parental control of a child should yield to the best interests of the child when the parent's conduct is contrary to the child-parent relationship.

Section 4. Parenting and visitation matters between natural parent and third party. (1) In cases when a nonparent seeks a parental interest in a child under 40-4-211 or visitation with a child, the provisions of this chapter apply unless a separate action is pending under Title 41, chapter 3.

HeinOnline -- 1999 vol. II 1616 1999

(2) A court may award a parental interest to a person other than a natural parent when it is shown by clear and convincing evidence that:

(a) tbe natural parent has engaged in conduct that is contrary to the child-parent relationship; and

(b) the nonparent has established with the child a child-parent relationship, as defined in 40-4-211, and it is in the best interests of the child to continue that relationsbip.

(3) For purposes of an award of visitation rights under tbis section, a court may order visitation based on the best interests of the child.

(4) For purposes of this section, voluntarily permitting a child to remain continuously in the care of otbers for a significant poriod of time so that the others stand in loco parentis to the cluld is conduct that is contrary to the parent-child relationship.

(5) It is not necessary for the court to find a natural parent unfit before awarding a parental interest to a third party under this section.

Section 5. Codification instruction. [Sections 3 and 4] are intended to be codified as an integral part of Title 40, chapter 4, part 2, and the provisions of Title 40, chapter 4, part 2, apply to [sections 3 and 4].

Section 17. Section 81-23-302, MCA, is amended to read:

"81-23-302. Establishment of minimum prices. (1) The board shall fix minimum producer prices for class I, class II, and class III milk by adopting rules in a manner prescribed by the Montana Administrative Procedure Act.

(2) The board shall establish prices by means of flexible formulas that must be devised so that they bring about automatic changes in all minimum prices that are justified on the basis of changes in production, supply, processing, distribution, and retailing costs.

(3) The board shall consider the balance between production and consumption of milk, the costs of production and distribution, and prices in adjacent and neighboring areas and states so that minimum prices that are fair and equitable to producers and consumers may result.

(4) The board shall, when publishing notice of proposed rulemaking under authority of this section, set forth the specific factors that must he taken into consideration in establishing the formulas and, in particular, in determining costs of production and of the actual dollars and cents costs of production that preliminary studies and investigations of auditors or accountants in its employment indicate will or should be shown at the hearing so that all interested parties will have opportunity to be heard and to question or rebut the considerations as a matter of record.

(5) Specific factors may include but are not limited to the following items:

(a) current and prospective supplies of milk in relation to current and prospective demands for milk for all purposes;

(b) the cost factors in producing milk, which must include among other things the prices paid by farmers generally, as used in parity calculations of the United States department of agriculture, prices paid by farmers for dairy feed in particular, and farm wage rates in this state;

HeinOnline -- 1999 vol. II 1633 1999

(c) the alternative opportunities, both farm and nonfarm, open to milk producers, which must include among other things *the* prices received by farmers for all products other than milk, *the* prices received by farmers for beef cattle, and the percentage of unemployment in the state and nation as determined by appropriate state and federal agencies;

(d) the prices of butter, nonfat dry milk, and cheese;

(e) the need, if any, for freight or transportation charges to be deducted by distributors from producer prices for bulk milk.

(6) If the board at any time proposes to base all or part of an official order establishing or revising milk pricing formulas upon facts within its own knowledge, as distinguished from evidence that may be presented to it by the consuming public or the milk industry, the board shall, when publishing notice of proposed rulemaking under authority of this section, notify the consuming public and the milk industry of the specific facts within its own knowledge that it will consider, so that all interested parties will have opportunity to be heard and to question or rebut the facts as a matter of record.

(7) The board, after consideration of the evidence produced, shall make written findings and conclusions and shall fix by official rule the formula under which minimum producer prices for milk in classes I, II, and III must be computed.

(8) This section may not be construed as requiring the board to promulgate a specific number of formulas, but it must he construed liberally so that the board may adopt a reasonable method of expression to accomplish the objective set forth in subsection (7).

(9) Each rule establishing or revising milk pricing formulas must classify milk by forms, classes, grades, or uses as the hoard considers advisable and must specify the minimum prices for the forms, classes, grades, and uses.

(10) Distributors who have processing facilities in this state shall, whenever possible, purchase milk from Montana producers for the processing of products to be sold in this state, provided that milk is available from Montana producers at the price set by the board.

(11) The board shall adopt rules after notice and hearing in the manner prescribed by the Montana Administrative Procedure Act to regulate transportation rates that distributors, contract haulers, and others charge producers for interplant transportation of milk. An allowance for transportation of milk between plants may not be permitted unless it is found by the board to be necessary to permit the movement of milk in the public interest. The board may promulgate rules regarding the requirement for first call on Montana milk supplies, as provided in subsection (10). Rules must be coordinated with those adopted pursuant to fair trade practices under 81-23-303.

(12) All milk purchased by a distributor must be purchased on a uniform basis. The basis to be used must be established by the board after the producers and the distributors have been consulted.

(13) The board may amend an official rule in the same manner provided in this section for the original establishment of milk pricing formulas. The board may in its discretion, when it determines that the need exists, give notice of and hold statewide public hearings affecting establishment or revision of milk pricing formulas.

HeinOnline -- 1999 vol. II 1634 1999

(14) Upon petition of a distributor or a majority of a distributor's producers, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for a base or quota plan as a method of payment by that distributor of producer prices. If the board finds that the evidence presented at the hearing warrants the establishment of a base or quota plan, the board shall proceed by official order to establish the base or quota plan.

(15) (a) Upon petition by 10% or 20 of the licensed producers in Montana, whichever is less, or upon petition by a licensed producer-distributor or distributor, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for a statewide pooling arrangement as a method of payment of producer prices, provided that at the hearing, the board shall, among other things, specifically receive and consider evidence concerning production and marketing practices that have historically prevailed statewide. If the board finds that the evidence presented at the hearing warrants the establishment of a statewide pooling arrangement, the board shall proceed by official order to establish the arrangement. An official order is not effective until it is approved in a referendum conducted by the board by mail ~~and by secret ballot~~ among affected producers, producer-distributors, and distributors. ~~The board shall keep confidential the vote of each producer, producer-distributor, and distributor voting in the referendum.~~ The official order must be approved by a majority of the producers, producer-distributors, and distributors voting, representing more than 50% of the milk produced in Montana that is to be included in the proposed pool, based on each producer's average monthly production for the 12 months immediately preceding the referendum. If the board finds it necessary, the board may conduct more than one referendum on any order.

(b) The order of the board establishing the statewide pooling arrangement may include other provisions that the board considers necessary for the proper and efficient operation of the pool. These provisions may include but are not limited to:

(i) a statewide base or quota plan contemplated in subsection (14);

(ii) the establishment of a pool settlement fund to be administered by the department for the purpose of receiving payments from pool distributors or making payments to them as necessary in order to operate and administer the statewide pool; and

(iii) the establishment of a pool expense fund for the purpose of offsetting the costs to the department of administering the pool, funded by a special levy assessed against each pool producer.

(c) During the initial startup of a statewide pool, the department may draw from existing cash reserves to fund a pool settlement fund and a pool expense fund, but withdrawals from the cash reserve must be reimbursed.

(d) An order of the board establishing a statewide pooling arrangement that has been approved in a referendum may be rescinded in the same manner as provided for approval of the order under subsection (15)(a). The order may be amended without a referendum if, prior to amending the order, the board gives written notice of its intended action and holds a public hearing as required under the Montana Administrative Procedure Act.

(16) The requirements of this section concerning notices of hearings for the establishment of milk pricing formulas apply to any hearings regarding base or

quota plans or statewide pooling arrangements or abandonment of base or quota plans or statewide pooling arrangements.

(17) Rules adopted pursuant to this section must be enforced and audited for compliance by the department."

(4) For grant projects for which the department of natural resources and conservation also has recommended a loan, the authorization for the loan is contained in House Bill No. 8.

(5) The funding provided to the projects approved in this section and identified with an asterisk (*) following the applicant's name is eligible for and may be designated for use as a nonfederal match for the federal funding acquired for the nonpoint source pollution control program administered by the department of environmental quality.

(6) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 2001 biennium pursuant to 17-7-302.

Section 2. Conditions of grants. Disbursement of funds under [sections 1 through 4] for grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Changes in the project scope of work or budget that reduce the public or natural resource benefits as presented in department reperts and applicant testimony to the 56th legislature will result in the proportional reduction in grant amount.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource grant and loan program project recommendations and biennium report submitted to the 56th legislature for the 2001 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved grant authority;

(4) execution of a grant agreement with the department; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal to the legislature.

Seetion 3. Conditions for grants. Notwithstanding the conditions described in [section 2], grant funds are disbursed in the order of priority listed in [section 1] as resource indemnity trust account interest income revenue is received. A project approved by [section 1] is not entitled to receive grant funds that are not collected and allocated to the renewable resource grant and loan program state special revenue account.

Section 4. Appropriations established. (1) For any entity of state government that receives a grant under [sections 1 through 3], an appropriation is established for the amount of the grant listed in [section 1(3)]. Grants to state entities from prior biennia are reauthorized for completion of contract work.

(2) Any funds in excess of the amount appropriated for grants under [sections 1 through 3] are available for appropriation for authorized purposes from the renewable resource grant and loan state special revenue account.

Section 5. Contingent appropriations. If [LC 327] is passed and approved and it includes a provision allocating $2 million a year to be deposited into the renewable resource grant and loan program state special revenue account created by 85-1-604, for the purpose of making grants, then [section 1(2) of this act] must provide:

"(2) There is appropriated to the department of natural resources and conservation $4 million that is available in the renewable resource grant and loan state special revenue account for grants to political subdivisions and local government entities during the 2001 biennium. The department shall allocate $400,000 of these funds for planning grants to be awarded over the course of the biennium and $100,000 to the Flathead Lake biological station for water quality monitoring. The remaining funds appropriated in this section must be awarded by the department to the named entities for the described purposes and in the described grant amounts set out in subsection (3), subject to the grant and loan program January 1999 report to the 56th legislature. The legislature, pursuant to 85-1-605, approves the grants listed in subsection (3), with grants to be made in the order indicated in the prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in order of priority until

HeinOnline -- 1999 vol. II 1641 1999

available funds are expended. Funds not accepted or used by higher-ranked projects must be provided for projects further down the priority list that would not otherwise receive funding. It is the intent of the legislature that each grant project listed after the Rae Water and Sewer District project in subsection (3) may not receive grant funds until sufficient funds are available for that purpose. Any projects that are funded by the reclamation and development grants programs may not be funded under [sections 1 through 4]."

Section 6. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 7. Effective dates. (1) [Sections 2 through 6 and this section] are effective on passage and approval.

(2) [Section 1] is effective July 1, 1999.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 19] may be cited as the "Retail Telecommunications Excise Tax Act".

Section 2. Legislative findings and declaration of purpose. (1) The legislature finds that one measure of the state's economic competitiveness is the presence of an efficient and affordable telecommunications infrastructure using the latest technological advancements.

(2) The legislature further finds that the telecommunications industry is undergoing a dramatic change tbat is altering the identity of its participants, the

HeinOnline -- 1999 vol. II 1671 1999

nature of services that the industry provides, and the methods used to deliver those services.

(3) The legislature further finds that the existing method of property taxation of the telecommunications industry results in competitive inequities that hinder the investment in the state's telecommunications infrastructure.

(4) The legislature further finds that the evolving nature of the telecommunications industry necessitates changes to the existing system of property taxation that include reducing the tax rate applied to telecommunications property and imposing a replacement tax in order to:

(a) avoid placing telecommunications services providers at a competitive advantage or disadvantage;

(b) provide purchasers of telecommunications services with greater choices and lower retail prices; and

(c) preserve the revenue base of the existing property tax system for taxing jurisdictions in the state.

(5) The legislature further finds that a reduction in property tax rates applied to telecommunications services providers should be replaced with an excise tax on the purchasers of telecommunications services.

(6) The legislature further finds that taxes imposed on the telecommunications industry are in reality hidden taxes that are passed on to telecommunications customers in the form of higher prices and that such a policy is contrary to the principles of open government and a fully informed citizenry on the tax policies of the state.

(7) The legislature therefore declares that there is a compelling public need to modify the existing system of property taxation of telecommunications services providers and to impose a retail telecommunications excise tax measured by the price of retail telecommunications on the purchaser to ensure competitive neutrality and constancy of revenue to taxing jurisdictions in the state of Montana.

(8) The legislature further declares that to avoid additional competitive advantages or disadvantages, the telephone company license tax must be eliminated.

permission to report and pay the retail telecommunications excise tax on an accrual basis.

Section 9. Return required of telecommunications services providers. (1) A return, on a form approved by the department, and payment of the tax for the preceding calendar quarter must be filed with the department on or before 60 days after the end of each calendar quarter in which the tax imposed by [sections 1 through 19] is payable. Each telecommunications services provider engaged in providing retail telecommunications services in this state that is subject to tax under [sections 1 through 19] shall file a return.

(2) Each telecommunications services provider liable to collect the tax under [sections 1 through 19] shall keep a record, on a form approved by the department, of all revenue received from providing retail telecommunications services for each quarter.

Section 10. Credit for taxes paid on worthless account — taxes paid if account collected. (1) The retail telecommunications excise taxes paid on an accrual basis by a telecommunications services provider filing a return under [section 9] on sales found to be worthless and actually deducted by the person as bad debt for federal income tax purposes may be credited on a subsequent payment of the tax.

Section 11. Deficiency assessment — review — interest — penalty. (1) If the department determines that the amount of tax due is greater than the amount reported, it shall mail to the taxpayer a notice, pursuant to 15-1-211, of the additional tax proposed to be assessed. The taxpayer may seek a review of the determination pursuant to 15-1-211.

(2) (a) Interest on any deficiency must bear interest until paid at a rate of 1% a month or fraction of a month, computed from the original due date of the return.

HeinOnline -- 1999 vol. II 1674 1999

(b) If payment is not made within 60 days, the tax is delinquent and a penalty of 10% must be added to the amount of the deficiency.

Section 12. Credit for overpayment — interest on overpayment. (1) If the department determines that the amount of tax, penalty, or interest due for any year is less than the amount paid, the amount of overpayment must be credited against any tax, penalty, or interest then due from the taxpayer, with the balance being refunded to the taxpayer or its successor through reorganization, merger, consolidation, or its shareholders upon dissolution.

(2) Except as provided in subsection (3), interest must be allowed on overpayments at the same rate as is charged on deficiency assessments under [section 11] due from the date of the return or from the date of overpayment, whichever date is later, to the date on which the department approves crediting or refunding the payment.

(3) (a) Interest may not accrue during any period of processing a claim for a refund delayed more than 30 days by reason of failure of the taxpayer to provide information requested by the department for the purposes of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is credited or refunded within 6 months from the date on which the return is due or from the date on which the return is filed, whichever date is later; or

(ii) if the amount of interest is less than $1.

Section 13. Penalty and interest for delinquency — waiver. (1) Taxes due under [sections 1 through 19] become delinquent if not paid within 60 days after the end of each calendar quarter. The department shall add to the amount of all delinquent retail telecommunications excise taxes a penalty of 10% of the excise tax due plus interest at the rate of 1% a month or fraction of a month, computed from the date on which the tax becomes delinquent to the date of payment.

(2) The 10% penalty may be waived by the department if reasonable cause for the failure to file the return, as required by [section 9], or to pay the tax due is provided to the department.

Section 14. Estimation of tax upon failure to file return — notice. (1) If a telecommunications services provider fails, neglects, or refuses to file the return required by [section 9] within the time required or fails to pay the tax required by [sections 1 through 19] within the period provided for in [section 9], the department shall estimate the amount of revenue of the telecommunications services provider subject to tax under [sections 1 through 19] during the preceding quarter.

(2) The department shall compute the amount of excise tax due from the telecommunications services provider and mail to the telecommunications services provider a letter and tax assessment statement setting forth the amount of delinquent excise tax, penalty, and interest due. The letter must advise that if payment is not made, a warrant for distraint may be filed.

Section 15. Warrant for distraint. If all or part of the tax imposed by [sections 1 through 19] is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7. The resulting lien has

HeinOnline -- 1999 vol. II 1675 1999

precedence over any claim, lien, or demand filed after the department files the warrant for distraint.

Section 16. Statute of limitations. (1) Except as otherwise provided in this section, a deficiency may not be assessed or collected with respect to the year for which a return is filed unless a notice of additional tax proposed to be assessed is mailed within 5 years from the date on which the return was filed. For the purposes of this section, a return filed before the last day prescribed for filing is considered filed on the last day. If the taxpayer, before the expiration of the period prescribed for the assessment of tbe tax, consents in writing to an assessment after that time, the tax may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be allowed or paid with respect to the year for which a return is filed after 5 years from the last day prescribed for filing the return or after 1 year from the date of tbe overpayment, whichever period expires later, unless before the expiration of the period, the taxpayer files a claim for refund or the department has determined the existence of the overpayment and has approved the refund or credit of the overpayment. If the taxpayer has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit may be filed or a refund or credit allowed if a claim is not filed is automatically extended.

(3) If a return is required to be filed and the taxpayer fails to file the return, the tax may be assessed or an action to collect the tax may be brought at any time. If the return is required and the taxpayer files a fraudulent return, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department.

Section 17. Administration — rules. The department shall:

(1) administer and enforce the provisions of [sections 1 through 19];

(2) cause to be prepared and distributed forms and information that may be necessary to administer the provisions of [sections 1 through 19]; and

(3) adopt rules that may be necessary or appropriate to administer and enforce the provisions of [sections 1 through 19].

Section 18. Distribution of retail telecommunications excise tax revenue. Retail telecommunications excise tax revenue collected by the department must be distributed as follows:

(1) 75% of the amount collected must be deposited in the account established in [section 19]; and

(2) the remaining 25% of the amount collected must be deposited in the state general fund.

Section 19. Retail telecommunications excise tax — account. (1) There is within the state special revenue fund an account for the receipts of retail telecommunications excise tax revenue.

(2) There must be retained in the account the amounts necessary under [sections 1 through 19] to repay overpayments, pay any erroneous receipts illegally assessed or collected or that are excessive in amount, and pay any other refunds otherwise required.

HeinOnline -- 1999 vol. II 1676 1999

Section 20. Distribution of property tax replacement revenue —statutory appropriation. (1) Tax revenue deposited in the account established in [section 19] must be distributed as provided in this section.

(2) On or before January 1, 2000, the department shall determine a reimbursement ratio associated with reducing the tax rate on the property of telecommunications companies taxed under 15-6-141, as that section read on December 31, 1998, and provide that information to each county treasurer. The reimbursement ratio must be determined for each taxing jurisdiction that levied mills on the taxable value of the property of telecommunications companies as that property was taxed under 15-6-141 in tax year 1998.

(3) The reimbursement ratio for each taxing jurisdiction to be used as the basis for the reimbursement amount is calculated using the formula RR = (((TV1 x ML1) + (TV2 x ML2) + (TV3 x ML3))/3)/(ST1 + ST2 + ST3)/3, where:

(a) RR is the reimbursement ratio;

(b) TV1 is the tax year 1996 taxable value of telecommunications property in the taxing jurisdiction, and ML1 is the tax year 1996 mill levy in the taxing jurisdiction applied to telecommunications property;

(c) TV2 is the tax year 1997 taxable value of telecommunications property in the taxing jurisdiction, and ML2 is the tax year 1997 mill levy in the taxing jurisdiction applied to telecommunications property;

(d) TV3 is the tax year 1998 taxable value of telecommunications property in the taxing jurisdiction, and ML3 is the tax year 1998 mill levy in the taxing jurisdiction applied to the telecommunications property;

(e) ST1 is the sum of (TV1 x ML1) for all taxing jurisdictions in the state for tax year 1996;

(f) ST2 is the sum of (TV2 x ML2) for all taxing jurisdictions in the state for tax year 1997;

(g) ST3 is the sum of (TV3 x ML3) for all taxing jurisdictions in the state for tax year 1998.

(4) For each calendar quarter, the department shall determine the amount of tax, late payment interest, and penalty collected under [sections 1 through 19]. Within 90 days after the close of the calendar quarter, the department shall remit to each county treasurer the reimbursement amount calculated in this subsection (4). The reimbursement amount for each taxing jurisdiction in the state is the product of multiplying the reimbursement ratio determined for the taxing jurisdiction in subsection (3) by the amount available in the account established in [section 19] for redistribution for the calendar quarter.

(5) Upon receipt of the reimbursement from the department, the county treasurer shall distribute the reimbursement as calculated by the department to each taxing jurisdiction.

(6) For the purposes of this section, "taxing jurisdiction" means a jurisdiction levying mills against telecommunications property described in 15-6-141, as that section read on December 31, 1998, and includes but is not limited to a county, city, school district, tax increment financing district, special district, or miscellaneous taxing district and the state of Montana.

(7) Each local government taxing jurisdiction receiving reimbursements shall consider the amount of reimbursement that will be received and lower the mill

HeinOnline -- 1999 vol. II 1677 1999

levy otherwise necessary to fund the budget by the amount that would otherwise have to be raised by the mill levy.

(8) A local government taxing jurisdiction that ceases to exist after [the effective date of this section] will no longer be considered for revenue loss or reimbursement purposes. A local government taxing jurisdiction that is created after January 1, 2000, will not he considered for revenue loss or reimbursement purposes. If a local government taxing jurisdiction that existed prior to January 2000 is split between two or more taxing jurisdictions or is annexed to or is consolidated with another taxing jurisdiction, the department shall determine how much of the revenue loss and reimbursement is attributed to the new jurisdictions.

(9) The amounts necessary for the administration of this section are statutorily appropriated, as provided in 17-7-502, from the account established in [section 19] to reimburse eligible taxing jurisdictions for the reduction in the tax rate on telecommunications property classified under 15-6-141 prior to [the effective date of this section].

Section 21. Section 7-1-2111, MCA, is amended to read:

"7-1-2111. Classification of counties. (1) For the purpose of regulating the compensation and salaries of all county officers, not otherwise provided for, and for fixing the penalties of officers' bonds, the counties of this state must be classified according to the taxable valuation of the property in the counties upon which the tax levy is made, except for vehicles subject to taxation under 61-3-504, as follows:

The gross income amounts referred to in the preceding sentence must he increased by $800, as adjusted under the provisions of 15-30-112(6), for each additional personal exemption allowance that the taxpayer is entitled to claim for the taxpayer and the taxpayer's spouse under 15-30-112(3) and (4). A nonresident shall file a return if the taxpayer's gross income for the tax year derived from sources within Montana exceeds the amount of the personal exemption that the taxpayer is entitled to claim for the taxpayer and the taxpayer's spouse under the provisions of 15-30-112(2) through (4).

(2) In accordance with instructions set forth by the department, each taxpayer who is married and living with husband or wife and is required to file a return may, at the taxpayer's option, file a joint return with husband or wife even though one of the spouses has neither gross income nor deductions. (5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount paid, the excess must be paid by the taxpayer to the department within 60 days after notice of the amount of the tax as computed, with interest added ~~at the rate of 9% a year or fraction of a year on the additional tax~~ *as provided in [section 1].* In that case, there may not be a penalty because of the understatement if the deficiency is paid within 60 days after the first notice of the amount is mailed to the taxpayer.

(7) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the tax year. (8) Individual income tax forms distributed by the department for each tax year must contain instructions and tables based on the adjusted base year structure for that tax year."

~~(9)~~*(8)* The tax lien provided for in subsection ~~(8)~~ *(7)* is not valid against any third party owning an interest in the real or personal property whose interest is recorded prior to the filing of the warrant for distraint if the third party receives from the most recent grantor of the interest an affidavit stating that all taxes, assessments, penalties, and interest due from the grantor have been paid.

~~(10)~~*(9)* A grantor who signs and delivers to the third party an affidavit as provided in subsection ~~(9)~~ *(8)* is subject to the penalties imposed by 15-30-321~~(3)~~*(1)* if any part of the affidavit is untrue. ~~Notwithstanding the provisions of 15-30-321(3), the~~ *The* department may bring an action as provided in ~~that subsection~~ *15-30-321(1)* in the name of the state to recover the civil penalty and any delinquent taxes.

HeinOnline -- 1999 vol. II 1695 1999

(ii) an amount equal to 100% of the individual's tax liability for the preceding tax year, if the preceding tax year was a period of 12 months and if the individual filed a return for the tax year.

(b) Payment of estimated taxes under this section is not required if:

(i) the combined tax liability of employer withholding and estimated tax for the current year is less than $500 after reductions for credits and withholding;

(ii) the individual did not have any tax liability for the preceding tax year, which was a tax year of 12 months, and if the individual was a citizen or resident of the United States throughout that tax year;

(iii) the underpayment was caused by reason of casualty, disaster, or other unusual circumstances that the department determines to constitute good cause; or

(iv) the individual retired in the tax year after having attained the age of 62 or if the individual became disabled in the tax year. In addition, payment of estimated taxes under this section is not required in the tax year following the tax year in which the individual retired or became disabled.

(2) Estimated taxes must be paid in four installments according to one of the following schedules:

(a) For each taxpayer whose tax year begins on January 1, estimated tax payments are due on the following dates:

Installment	Date
First	April 15
Second	June 15
Third	September 15
Fourth	January 15 of the following tax year

(b) For each taxpayer whose tax year begins on a date other than January 1, estimated tax payments are due on the following dates:

Installment	Date
First	15th day of the 4th month following the beginning of the tax year
Second	15th day of the 6th month following the beginning of the tax year
Third	15th day of the 9th month following the beginning of the tax year
Fourth	15th day of the month following the close of the tax year

(3) (a) Except as provided in subsection (4), each installment must be 25% of the required annual payment determined pursuant to subsection (1). If the taxpayer's tax situation changes, each succeeding installment must be proportionally changed so that the balance of the required annual payment is paid in equal installments over the remaining period of time.

(b) If the taxpayer's tax situation changes after the date for the first installment or any subsequent installment, as specified in subsection (2)(a) or (2)(b), so that the taxpayer is required to pay estimated taxes, the taxpayer shall

HeinOnline -- 1999 vol. II 1696 1999

pay 25% for each succeeding installment except for the first one in which a payment is required. For estimated taxes required to be paid beginning with the second installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 50% for that installment and 25% for the third and fourth installments, respectively. For estimated taxes required to be paid beginning with the third installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 75% for that installment and 25% for the fourth installment.

(4) (a) If for any required installment the taxpayer determines that the installment payment is less than the amount determined under subsection (3)(a), the lower amount may be paid as an annualized income installment.

(b) For any required installment, the annualized income installment is the applicable percentage described in subsection (4)(c) applied to the tax computed on the basis of annualized taxable income in the tax year for the months ending before the due date for the installment less the total amount of any prior required installments for the tax year.

(c) For the purposes of this subsection (4), the applicable percentage is determined according to the following schedule:

Required Installment	Applicable Percentage
First	22.5%
Second	45%
Third	67.5%
Fourth	90%

(d) A reduction in a required installment resulting from the application of an annualized income installment must be recaptured by increasing the amount of the next required installment, determined under subsection (3)(a), by the amount of the reduction. Any subsequent installment must be increased hy the amount of the reduction until the amount has been recaptured.

(5) (a) If an estimated tax, an employer withholding tax, or a combination of estimated tax and employer withholding tax is underpaid, there must be added to the amount due under this chapter ~~a penalty~~ *interest* equal to ~~10%~~ *12%* a year on the amount of the underpayment. The ~~penalty~~ *interest* is computed on the amount of the underpayment, as determined in subsection (5)(b), for the period from the time the payment was due to the date payment was made or to the 15th day of the 4th month of the year following the tax year in which the payment was to be made, whichever is earlier.

(b) For the purpose of determining the ~~penalty~~ *amount of interest due* in subsection (5)(a), the amount of the underpayment is the required installment amount less the installment amount paid, if any, on or before the due dato for the installment.

(c) For the purpose of determining the ~~penalty~~ *amount of interest due* in subsection (5)(a), an estimated payment must he credited against unpaid required installments in the order in which those installments are required to be paid.

(d) For each married taxpayer filing separately on the same form, the ~~penalty~~ *interest* provided for in subsection (5)(a) must be computed on the combined tax liability after reductions for credits and withholding, as shown on the taxpayer's return.

HeinOnline -- 1999 vol. II 1697 1999

(e) ~~A penalty~~ *Interest* may not be ~~imposed~~ *charged* with respect to any underpayment of the fourth installment of estimated taxes if:

(i) the taxpayer pays in full the amount computed on the return as payable; and

(ii) the taxpayer files a return on or before the last day of the month following the close of the tax year referred to in subsection (2)(a) or (2)(b).

(6) For the purposes of this section, "farmer or rancher" means a taxpayer who derives at least 66 2/3% of the taxpayer's gross income, as defined in 15-30-101(7), from farming or ranching operations, or both.

The department may abate the penalty if the taxpayer establishes that the failure to file on time was due to reasonable cause and was not due to neglect on his part. If any person, without purposely or knowingly violating any requirement imposed by this chapter, fails to pay any tax on or before its due date (determined with regard to an extension of time granted for filing the return), there shall be added to the tax a penalty of 10% of said tax, but not less than $5, and interest shall accrue on the tax at the rate of 9% per annum for the entire period it remains unpaid. (a) the person generated or disposed of only household refuse, unless the person knew or reasonably should have known that the hazardous or deleterious substance was present in the refuse;

(i) the owner or operator did not cause, contribute to, or exacerbate the release or threatened release of any hazardous or deleterious substances through any act or omission. The failure to take affirmative steps to mitigate or address contamination that has migrated from a source outside the owner's or operator's property does not, in the absence of exceptional circumstances, constitute an omission by the owner or operator.

(ii) the person who caused, contributed to, or exacerbated the release or threatened release of any hazardous or deleterious substance is not and was not an agent or employee of the owner or operator and is not or was not in a direct or indirect contractual relationship with the owner or operator, unless the department provides a written determination tbat an existing or proposed contractual relationship is an insufficient basis to establish liability under this section;

(iii) there is no other basis of liability under subsection (1) for the owner or operator for the release or threatened release of a hazardous or deleterious substance; and

(iv) the person cooperates with the department and all persons conducting department-approved remedial actions on the property, including granting access and complying with and implementing all required institutional controls; and

Section 3. Section 75-10-721, MCA, is amended to read:

"75-10-721. Degree of cleanup required — permit exemption — financial assurance. (1) A remedial action performed under this part or a voluntary cleanup under 75-10-730 through 75-10-738 must attain a degree of cleanup of the hazardous or deleterious substance and control of a threatened release or further release of that substance that assures protection of public health, safety, and welfare and of the environment.

(2) In approving or carrying out remedial actions performed under this part, the department:

(a) except as provided in subsection (4), shall require cleanup consistent with applicable state or federal environmental requirements, criteria, or limitations;

(b) may consider substantive state or federal environmental requirements, criteria, or limitations that are relevant to the site conditions; and

(iii) are technically practicable and implementable;

(iv) use treatment technologies or resource recovery technologies if practicable, giving due consideration to ~~institutional and~~ engineering controls; and

(3) In selecting remedial actions, the department shall consider the acceptability of the actions to the affected community, as indicated by community members and the local government.

(4) The department may select a remedial action that does not meet an applicable state environmental requirement, criteria, or limitation under any one of the following circumstances:

(a) The remedial action is an interim measure and will become part of a total remedial action that will attain the applicable requirement, criteria, or limitation.

(b) Compliance with the applicable requirement, criteria, or limitation will result in greater risk to human health and the environment than other remedial action alternatives.

(5) For purposes of this section, cost-effectiveness must be determined through an analysis of incremental costs and incremental risk reduction and

HeinOnline -- 1999 vol. II 1774 1999

other benefits of alternatives considered, taking into account the total anticipated short-term and long-term costs of remedial action alternatives considered, including the total anticipated cost of operation and maintenance activities.

(6) The department may exempt any portion of a remedial action that is conducted entirely on site from a state or local permit that would, in the absence of the remedial action, be required if the remedial action is carried out in accordance with the standards established under this section and this part.

(7) The department may require financial assurance from a liable person in an amount that the department determines will ensure the long-term operation and maintenance of the remedial action site. The liable person shall provide the financial assurance by any one method or combination of methods satisfactory to the department, including but not limited to insurance, guarantee, performance or other surety bond, letter of credit, qualification as a self-insurer, or other demonstration of financial capability."

Section 4. Institutional controls. (1) An owner of real property may, with department approval, restrict the use of the owner's real property to mitigate the risk posed to the public health, safety, and welfare and the environment by imposing on the real property, without conveying the property or creating a dominant and servient estate, an appropriate institutional control.

(3) An institutional control that restricts real property runs with the land and is binding on all successors in interest to real property until the institutional control is removed.

(4) An institutional control must be removed if there is not an unacceptable risk posed to public health, safety, and welfare and the environment. An owner may request department approval to remove all or a portion of the institutional controls from the real property. The department shall review the request and provide the owner with its decision to approve or deny the request within 120 days from the department's receipt of the request. If the department denies the request, it shall provide the owner with a written explanation of the denial. A department decision to deny the request may be appealed to the board of environmental review and conducted as a contested case proceeding pursuant to Title 2, chapter 4.

(5) If the department or the board approves an owner's request to remove all or a portion of the institutional controls, the owner shall file the approval with the county clerk in the county in which the real property is located.

Section 5. Remedial action costs. (1) If a potentially liable person or assignee recovers remedial action costs at a particular site from a financially responsible party, reimbursement from the orphan share is proportionally reduced by the amount of remedial action costs recovered, less any litigation expenses, including attorney fees and costs.

(2) The department may, in defending the orphan share, initiate a court action against a potentially liable party, an affiliate, or another financially responsible party to recover the orphan's share.

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code of 1954, as those sections may be labeled or amended, is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months. (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)"

CHAPTER NO. 448

[HB 659]

AN ACT ELIMINATING THE NEED TO PROCESS A NEW TAX BILL OR TO ISSUE A REFUND AS THE RESULT OF A REVISED PROPERTY TAX ASSESSMENT WHEN THE ADDITIONAL TAX OR REFUND IS $5 OR LESS; AMENDING SECTIONS 15-1-402, 15-16-101, 15-16-102, AND 15-16-605, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, AN APPLICABILITY DATE, AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of taxes under protest. (1) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested. The protested payment must:

(a) be made to the officer designated and authorized to collect it;

(b) specify the grounds of protest; and

(c) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15 shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded te the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) All property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(5) The governing board of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which

HeinOnline -- 1999 vol. II 1812 1999

it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(6) (a) If action before the county tax appeal board, state tax appeal hoard, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from tbe protest fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged the local government units.

(b) If the action is finally determined adversely to the department of revenue, a county, a municipality, or the treasurer of a county or a municipality, then the treasurer shall, upon receiving a certified copy of the final judgment in the action from the state tax appeal board or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee deposited in the protest fund, and not released pursuant to subsection (5), as the person holding the judgment is entitled to recover, together with interest from the date of payment under protest, at the greater of:

(i) the rate of interest generated from the pooled investment fund provided for in 17-6-203 for the applicahle period; or

(ii) 6% a year.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then interest owed, and lastly to costs.

(d) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local governnient units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratahly responsible.

(e) In satisfying the requirements of suhsection (6)(d), the taxing jurisdiction is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the greater of the rates referred to in subsections (6)(b)(i) and (6)(b)(ii) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus four percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

HeinOnline -- 1999 vol. II 1813 1999

(b) the general fund, except that amount generated by the all-purpose mill levy, or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

Section 2. Section 15-16-101, MCA, is amended to read:

"15-16-101. Treasurer to publish notiee — manner of publication. (1) Within 10 days after the receipt of the property tax record, the county treasurer shall publish a notice specifying:

(a) that one-half of all taxes levied and assessed will be due and payable before 5 p.m. on the next November 30 or within 30 days after the notice is postmarked and that unless paid prior to that time the amount then due will be delinquent and will draw interest at the rate of 5/6 of 1% per month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty;

(b) that one-half of all taxes levied and assessed will be due and payable on or before 5 p.m. on the next May 31 and that unless paid prior to tbat time the taxes will be delinquent and will draw interest at the rate of 5/6 of 1% per month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty; and

(c) the time and place at which payment of taxes may be made.

(2) The county treasurer shall send to the last-known address of each taxpayer a written notice, postage prepaid, showing the amount of taxes and assessments due for the current year and the amount due and delinquent for other years. The written notice must include:

(a) the taxable value of the property;

(b) the total mill levy applied to that taxable value;

(c) the value of each mill in that county;

(d) itemized city services and special improvement district assessments collected by the county;

(e) the number of the school district in which the property is located; and

(f) the amount of the total tax due that is levied as city tax, county tax, state tax, school district tax, and other tax.

(3) The municipality shall, upon request of the county treasurer, provide the information to be included under subsection (2)(d) ready for mailing.

(4) The notice in every case must be published once a week for 2 weeks in a weekly or daily newspaper published in the county, if there is one, or if there is not, then by posting it in three public places. Failure to publish or post notices does not relieve the taxpayer from any tax liability. Any failure to give notice of tbe tax due for the current year or of delinquent tax will not affect the legality of the tax.

HeinOnline -- 1999 vol. II 1814 1999

(5) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

Section 3. Section 15-16-102, MCA, is amended to read:

"15-16-102. Time for payment — penalty for delinquency. Unless suspended or canceled under the provisions of Title 15, chapter 24, part 17, all taxes levied and assessed in the state of Montana, except assessments made for special improvements in cities and towns payable under 15-16-103, are payable as follows:

(1) One-half of the taxes are payable on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, and one-half are payable on or before 5 p.m. on May 31 of each year.

(2) Unless one-half of the taxes are paid on or before 5 p.m. on November 30 of each year or within 30 days after the tax notice is postmarked, whichever is later, the amount payable is delinquent and draws interest at the rate of 5/6 of 1% a month from and after the delinquency until paid and 2% must be added to the delinquent taxes as a penalty.

(3) All taxes due and not paid on or before 5 p.m. on May 31 of each year are delinquent and draw interest at the rate of 5/6 of 1% a month from and after the delinquency until paid, and 2% must be added to the delinquent taxes as a penalty.

(4) If the date on which taxes are due falls on a holiday or Saturday, taxes may be paid without penalty or interest on or before 5 p.m. of the next business day in accordance with 1-1-307.

(5) A taxpayer may pay current year taxes without paying delinquent taxes. The county treasurer shall accept a partial payment equal to the delinquent taxes, including penalty and interest, for one or more full taxable years, provided that taxes for both halves of the current tax year have been paid. Payment of taxes for delinquent taxes must be applied to the taxes that have been delinquent the longest. The payment of taxes for the current tax year is not a redemption of the property tax lien for any delinquent tax year.

(6) The penalty and interest on delinquent assessment payments for specific parcels of land may be waived by resolution of the city council. A copy of the resolution must be certified to the county treasurer.

(7) If the department revises an assessment that results in an additional tax of $5 or less, an additional tax is not owed and a new tax bill does not need to be prepared."

Section 4. Section 15-16-605, MCA, is amended to read:

"15-16-605. Payment of refunds — *exception*. (1) In the order to refund a tax, penalty, interest, or cost under 15-16-603, the board of county commissioners shall determine the method of payment. The board may refund the amount due the taxpayer in installments over a period not to exceed 10 years. If the refund is made in installments, the taxpayer is entitled to interest on the unpaid balance at the interest rate received on public money invested by the county as provided in Title 7, chapter 6, part 2; Title 7, chapter 6, part 27; or 17-6-204.

(2) ~~A~~ *Except as provided in subsection (3), a* refund of a tax, penalty, interest, or cost under 15-16-603 must be paid by the county treasurer out of the general fund of the county. The county treasurer shall transfer money from other funds

of the county and of the state, school district, or other taxing jurisdictions that are proratably responsible for the refunds as may be necessary to reimburse the county general fund for the refund.

(3) If the board of county commissioners revises an assessment of property taxes that would result in a refund of $5 or less, then a refund is not owed to the taxpayer."

Section 5. Effective date — applicability — retroactive applicability. [This act] is effective on passage and approval and applies to changes or corrections in revised property tax assessments occurring after [the effective date of this act] and applies retroactively, within the meaning of 1-2-109, to changes or corrections that have been made prior to [the effective date of this act] but for which a new tax hill or refund has not yet heen issued.

By failing to object, the taxpayer waives any further right to review or appeal and a warrant for distraint may be issued without further opportunity to be heard on the assessment.

(b) Except as provided in subsection (6), a taxpayer who objects to the administrator's decision pursuant to subsection (4)(a) shall present the taxpayer's objections, the reasons for the objections, and any other information to the director of revenue or the director's designee within 60 days after the notice referred to in subsection (4)(a) is mailed. (5) The taxpayer shall pay the assessment within 30 days after being mailed a copy of the final decision and assessment unless an appeal is filed with the state tax appeal board. further appeals are filed, by the appropriate court. However, any interest required by law must continue to accrue.

(6) (a) A taxpayer who validly objects to the administrator's decision may elect to file an appeal with the state tax appeal board. The appeal must be filed within 30 days after mailing an objection to the administrator's decision. If an appeal is filed, the administrator's decision is the final decision of the department.

(b) If the director notifies the board within 30 days after an appeal is filed that the director has not had an opportunity to review the administrator's decision and the director believes that a review may be helpful in resolving the controversy, the board shall stay the appeal for a time that the board considers reasonable, not to exceed 90 days except by the mutual consent of both parties. The taxpayer shall provide the taxpayer's objections and reasons for the objections to the director so that the director or the director's designee may review the controversy and issue a decision within tbe period of the stay granted by the board. If the taxpayer is dissatisfied with the director's *or the designee's* decision, the stay must be lifted and the appeal resumed.

(7) The time limits in this section must be applied and interpreted as provided in Rule 6 of the Montana Rules of Civil Procedure, including additional time for mailing. Any time limit may be extended by mutual consent of the department and the taxpayer. The department shall consent to all reasonable requests for extension of deadlines.

The local government unit may execute a written agreement with the owner of a large-scale mineral development for the issuance of any special industrial local government facility impact bonds provided for in this section.

(2) The agreement with the owners of a large-scale mineral development ~~shall~~ *must* provide for a payment guarantee *through a third-party financial institution*, in addition to the taxes imposed by the local government unit on property owners generally, of the principal and interest on the bonds provided for in this section. Payment will then be made by an annual special tax levy on the property of the large-scale mineral development sufficient to retire the principal and interest on these special impact bonds. The bonds ~~shall~~ *may* not be an obligation of the local government unit, but ~~shall~~ *must* be special obligations limited to the revenue derived from the special tax levy. A local government unit shall establish a levy and, to the extent bonds are issued as provided in this section, shall pledge the special fund and all ~~revenues~~ *revenue* of the special tax levy to the repayment of the bonds.

(3) The debt limits set forth in 7-7-2203, 7-7-4201, and 20-9-406 do not apply to bonds issued in accordance with this section. The interest on ~~such~~ *the* bonds ~~shall~~ *is* not ~~be~~ subject to state taxes.

(g) the manner of execution of the bonds.

(5) The impact bonds ~~shall~~ *must* be:

(a) in registered form as to principal and interest;

(b) payable in installments and at times not exceeding 30 years from their date of issuance; and

(c) payable at a place or places and be evidenced in a manner the governing body determines is in the best interest of the local government unit.

(6) Any impact bonds issued under the authority of this section may be sold at public or private sale in a manner, at a time or times, and at a price above or below par as may be determined by the governing body of the local government unit. All expenses, premiums, and commissions that the local government unit considers necessary or advantageous in connection with the authorization, sale,

HeinOnline -- 1999 vol. II 1856 1999

and issuance of the bonds may be paid by the governing body of the local government unit from the proceeds of the sale of the bonds.

(7) If more than one local government unit adopts a resolution to issue impact bonds, the local government units may enter into an interlocal agreement under 7-11-101 through 7-11-105, 7-11-107, and 7-11-108, providing for the issue of impact bonds of the local government units te be combined in a single offering, if the governing body of each local government unit authorizing the bonds determines that the pooling of bonds:

(a) is in the best interest of the local government units;

(b) will facilitate the sale of the bonds under more advantageous terms;

(c) will lower the interest rates; or

(d) will lower the cost of issuance.

(8) In addition to the specific requirements of 7-11-105, the interlocal agreement ~~shall~~ *must* provide:

(a) that the bond titles ~~shall~~ *must* denote that impact bonds of different local government units have heen pooled and ~~shall~~ *must* refer to each local government unit executing the interlocal agreement;

(b) for a single debt service fund, to be held by a qualified trust company, to which each local government unit shall pledge and pay the annual special tax levies levied against the largo-scale mineral development; and

(c) that the bonds are payable solely from and against the debt service funds under the interlocal agreement."

Section 4. Section 90-6-331, MCA, is amended to read:

"90-6-331. Fund transfer. (1) ~~On July 1, 1990, and prior~~ *Prior* to each October ~~1 thereafter~~ *31*, all money segregated by county in the hard-rock mining impact trust account following allocation to the hard-rock mining impact trust reserve account established in 90-6-304(2) as of September ~~1~~ *30* immediately preceding must be transferred to the county for which the funds have heen held in deposit. The funds ~~so~~ transferred must be deposited in the county hard-rock mine trust reserve account estahlished in 7-6-2225.

(2) The transfer of funds required by this section is a statutory appropriation pursuant to 17-7-502."

Section 5. Section 90-6-404, MCA, is amended to read:

"90-6-404. Allocation of taxable valuation for local taxation purposes. When property of a large-scale mineral development is subject to the provisions of 90-6-403, the increase in taxable valuation must be allocated by the department of revenue as follows:

(1) ~~If the board determines that the~~ *The* local government unit in which the ore body or the mineral deposit heing mined is located ~~is not affected by the development and if this determination is shown on the impact plan,~~ *must be allocated* 20% of the total increase in taxable valuation of the gross proceeds ~~must be allocated to that local government unit. This provision is intended to establish a minimum allocation for the units and does not prohibit proof by a unit that actual direct impacts would exceed 20% of the total impacts of the development.~~

HeinOnline -- 1999 vol. II 1857 1999

(2) The remaining increase in taxable valuation of the mineral development must be allocated between affected counties and affected municipalities according to the following formula based on the place of residence of mineral development employees:

(a) A portion, not to exceed 20%, to affected municipalities, based on that percentage of the total number of mineral development employees that reside within municipal boundaries. The taxable valuation allocated to affected municipalities must be distributed to each municipality according to its percentage of the total number of mineral development employees who reside within municipal boundaries. That portion of the taxable valuation distributed to a municipality pursuant to this section is subject to the same county mill levy as other taxable properties located in the municipality.

(b) The remaining portion of the taxable valuation must be distributed to each affected county according to its percentage of the total number of mineral development employees that reside within the county.

(3) The increase in taxable valuation equal to that subject to subsection (2) must be distributed pro rata among each affected high school district according to the percentage of the total number of mineral development high school students that reside within each district.

(4) The increase in taxable valuation equal to that subject to subsection (2) must be distributed pro rata among each affected elementary school district according to the percentage of the total number of mineral development elementary school students that reside within each district.

(5) The distribution formula specified in subsections (2) through (4) may be modified by an impact plan approved as provided in 90-6-307 or amended as provided in 90-6-311, if the modification is needed in order to ensure a reasonable correspondence between the occurrence of increased costs resulting from the mineral development and the allocation of taxable valuation resulting from the mineral development."

AN ACT CLARIFYING THAT A WORKER MAY CHOOSE AN INITIAL TREATING PHYSICIAN EVEN IF A PREFERRED PROVIDER ORGANIZATION IS IN PLACE; PROVIDING FOR WRITTEN NOTICE TO THE INJURED WORKER AFTER THE DATE OF INJURY; AND AMENDING SECTIONS 39-71-1101 AND 39-71-1102, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-1101, MCA, is amended to read:

"39-71-1101. Choice of physician by worker — change of physician — receipt of care from managed care organization. (1) Subject to subsection (3), a worker may choose the initial treating physician within the state of Montana.

(2) Authorization by the insurer is required to change treating physicians. If authorization is not granted, the insurer shall direct the worker to a managed care organization, if any, or to a medical service provider who qualifies as a treating physician, who shall then serve as the worker's treating physician.

(3) A medical service provider who otherwise qualifies as a treating physician but who is not a member of a managed care organization may not provide treatment unless authorized by the insurer, if:

(a) the injury results in a total loss of wages for any duration;

(b) the injury will result in permanent impairment;

(c) the injury results in the need for a referral to another medical provider for specialized evaluation or treatment; or

(d) specialized diagnostic tests, including but not limited to magnetic resonance imaging, computerized axial tomography, or electromyography, are required.

(4) ~~A~~ *After the date that a* worker whose injury is subject to the provisions of subsection (3) ~~shall~~ *receives individual written notice of a referral to a managed care organization, the worker must*, unless otherwise authorized by the insurer, receive medical services from the managed care organization designated by the insurer, in accordance with 39-71-1104. The designated treating physician in the managed care organization then becomes the worker's treating physician. The insurer is not liable for medical services obtained otherwise, except that a worker may receive immediate emergency medical treatment for a compensable injury from a medical service provider who is not a member of a managed care organization.

(5) Posting of managed care requirements in the workplace on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means does not constitute individual written notice. To constitute individual written notice under this section, information regarding referral to a managed care organization must be provided to the worker in written form by mail or in person after the date that the injury meets the provisions of subsection (3). The notice must advise the worker of the worker's right to choose the initial treating physician under subsection (1).

HeinOnline -- 1999 vol. II 1862 1999

(6) Any postings or other information regarding referral to a managed care organization on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means and any individual notice of referral to a managed care organization, whether before or after the occurrence of an injury, must include in prominent type advice of the worker's right to choose the initial treating physician pursuant to subsection (1)."

Section 2. Section 39-71-1102, MCA, is amended to read:

"**39-71-1102. Preferred provider organizations — establishment — limitations.** *(1)* In order to promote cost containment of medical care provided for in 39-71-704, development of preferred provider organizations by insurers is encouraged. Insurers may establish arrangements with suppliers of soft and durable medical goods and medical providers in addition to or in conjunction with managed care organizations. Workers' compensation insurers may contract with other entities to use the other entities' preferred provider organizations. After the date that ~~a~~ *an injured* worker is given *an individual* written notice by the insurer of a preferred provider, the insurer is not liable for charges from nonpreferred providers. This section does not prohibit the worker from choosing the initial treating physician under 39-71-1101(1).

(2) Posting of preferred provider requirements in the workplace on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means does not constitute individual written notice. To constitute individual written notice under this section, information regarding referral to preferred providers must be provided to the worker in written form by mail or in person after the date of injury. The notice must advise the worker of the worker's right to choose the initial treating physician under 39-71-1101(1).

(3) Any postings or other information regarding referral to preferred providers on bulletin boards, in personnel policies, in company manuals, or by other general or broadcast means and any individual notice of referral to preferred providers, whether before or after the occurrence of an injury, must include in prominent type advice of the worker's right to choose the initial treating physician pursuant to subsection 39-71-1101(1)."
